### Fatal Crash Victim Identified As Vet Of World War I

#### Oakland Couple Are Also Hurt In Mishap on US 40 On Donner Summit.

One man was killed and three others were seriously injured in two separate automobile accidents along Highway 40 in the Donner Summit district during the past week.

The dead man was August Lorenz Strankman, 47, of 2407 West 32nd Avenue, Denver, who had been employed as a cook at the Hawthorne Marine base in Nevada. Strankman was killed instantly when the light car in which he was riding left the highway last Thursday and overturned.

The driver, Earl Robert Cruson, 38, of Sacramento, suffered serious injuries and was rushed to the county hospital. The men were going west when the accident happened.

Deputy Coroner W. H. Laity and State Patrol Sergeant B. W. Reynolds investigated the accident and Laity was communicating with relatives of the dead man. It is believed he was a World War I veteran.

In the second accident Friday afternoon at 5 o'clock Mr. and Mrs. H. L. Goings of 730 32nd Ave., Oakland, were both badly cut up and bruised when their car traveling east overturned near the scene of the previous accident.

They were brought to Truckee and after receiving first aid were released and returned to their home.

Dr. J. H. Bernard treated all those injured in the two accidents.

### Firemen Get Brush-Up Class in Inhalator Work

Following a dinner at Besio's Restaurant Tuesday night, officers and members of the Truckee Volunteer Fire Department adjourned to the fire station where they had a brush-up course on the use of the inhalator under the direction of Commissioner F. W. Gaenig and Capt. Chet Matson. Deputy State Fire Marshal Bert Arendale was the speaker at the dinner and told of the fire training in state institutions. Chief N. F. Dolley presided.

### Four East Bay Juveniles Taken off Freight Train

Four Oakland boys ranging in age from 14 to 16 were taken off a freight train here last night by Special Officer Al Pfandler and held pending the arrival of their parents to return them home. The boys had been told that they could secure defense jobs in this district and anxious to assist in the war effort struck out on their own. They were without funds and hungry. The latter situation was corrected by the genial officer.

### Carl Weeks Joins Army Engineers As Lieutenant

Carl Weeks, for many years supervisor of the state highway in this district, left this week for Salt Lake City where he was ordered to report as a first lieutenant in the United States Army Engineers. Mrs. Weeks and their two children left for Auburn where they will reside for the duration of the war.

Weeks is a capable engineer and although it meant a sacrifice, he volunteered his services to the army and was given a lieutenant's commission.

The popular superintendent was the guest of honor at several parties, one given by his fellow workers in the CSEA during the few days prior to his departure.

### Guest from Stockton—

Miss Eleanor Lawrence of Stockton is visiting her aunt, Mrs. J. McGinn.

### Visiting Mother—

Mrs. E. F. Sheffield of Mills College and Napa is visiting her mother, Mrs. S. Marshall Richardson.

### Extend U. S.-Brazilian Agreement

The United States has extended its stabilization agreement with Brazil. This soundphoto, taken in Washington, shows, left to right: Dr. F. D. Santos, director of exchange, Bank of Brazil (seated); Secretary of the Treasury Henry Morgenthau Jr.; Minister Fernando Lobo, charge d'affaires of Brazil; (standing) Harry D. White, director of monetary research of the U. S. treasury, and Enrico Penteado, financial attache of the Brazilian embassy.

### One-Man Soldiers Library Needs Help

Clarence M. Wray, cashier at the Southern Pacific freight office, is developing a system for providing reading material to soldiers camped near here and traveling through on trains. He has worked his system to

the limit of his own resources and is calling upon the public for assistance.

Wray wants to provide the locally stationed and traveling service men with current magazines and books. If anyone has any which they have read and want them to go into hands where they will be greatly appreciated, they may turn them over to

Wray who will distribute them. Wray will see that the reading material is placed on trains going through when possible and soldiers in this district may have ample if the public responds.

Since the violations occurred on Sunday, both defendants posted bail and the cases will be disposed of later in Justice of the Peace C. E. Smith's court at Truckee.

A small fire apparently caused by a cigarette or match thrown from a passenger train five miles east of Truckee was quickly put out Tuesday afternoon by railroad section men and the local forest service crew, Snider states.

Two cigarette smokers had a lesson in good forest manners the past week-end when Forest Patrolman J. C. Andersen intercepted Dave H. Sutton from New Jersey for throwing a burning cigarette from his automobile along the highway near Donner Lake, and V. C. Bryson of Sacramento for smoking in the forest near Boca, reports District Ranger H. I. Snider.

Since the violations occurred on Sunday, both defendants posted bail and the cases will be disposed of later in Justice of the Peace C. E. Smith's court at Truckee.

### Local Road Project Bids Rejected By State Works Chief

#### Navy Abandonment Of Base Plans at Lake Given As Cancellation Reason

The Navy's abandonment of Lake Tahoe as the site for a naval base plus the fact that the low bid was 26 per cent above the estimate caused Public Works Director Frank W. Clark to reject all bids for reconstruction of 10.9 miles of highway between a point three miles north of Tahoe City and the junction of the road with Highway 40 a mile west of Truckee.

The W. P. Powell Paving Company of Los Angeles was the low bidder at \$116,521.25. Clark said normal road traffic without the proposed base does not justify the work.

Clark also rejected bids on a project in Humboldt and Siskiyou counties which were 49 per cent over estimate.

The decision on bids submitted on road improvement project between Farad and the Nevada state line had not been announced yet, although bids were opened last Friday in Sacramento. The project will likely have a more favorable fate inasmuch as it has been designated as an essential national defense job.

Since the violations occurred on Sunday, both defendants posted bail and the cases will be disposed of later in Justice of the Peace C. E. Smith's court at Truckee.

## Two-Fold Patriotic Project To Raise U.S.O. Quota Is Proposed at Lions' Meet

A way has been paved for Truckee to fulfill its assignment of raising \$385 as its quota for the United Service Organizations and at the same time accomplish a second important object and not expend a penny in cash.

The Truckee Lions Club which recently assumed the responsibility of raising Truckee's USO quota, last night

### „Sun“ Beams

by WALTER M. BARRETT

If you are in earnest about wanting to get in and do a job in the war effort, an opportunity has been presented which will give you a double shot in one effort. Collect your old scrap iron, have it transported to a car spotted in Truckee Monday and donate it to the USO through the Lions Club. The USO needs the money and the war production plants need the scrap iron. It is doing no good in that unsightly heap where it now rusts away and it is vitally needed in the production of tanks, planes, ships and a hundred other necessary war items. Truckee is pledged to support the USO and the entire proceeds gained will be given for that purpose until a quota is reached. After that the revenue from the scrap will be diverted to the Red Cross. Either take or have taken to the car Monday, Tuesday or Wednesday all that old scrap iron. Urge your neighbors to do likewise.

We have been asked why money raised here for USO cannot be spent in Truckee through the establishment of a unit here. We would certainly wholeheartedly support such a program if it was within the realm of possibility. In the first place the USO is handled under a more or less complicated administrative system which designates the most advantageous sites to serve the largest number of men. Truckee has a comparatively few soldiers in its environs and the cost of establishing a branch and maintaining it here would far exceed the per man basis upon which the organization must be operated. We are entirely in accord with the suggestion that entertainment and place for recreational activities be provided for the men in this area. There is most certainly a need for such an undertaking. We wish that the USO was so vast and sufficiently financed that a unit here would be justified. However, another solution to this problem must be worked out as the USO cannot, under its limited program and inadequate facilities, establish units in towns where so few men can take advantage of their benefits.

Mrs. Essie Weeden this week joined the ranks of two-star war mothers when her second son, Keith Weeden, was accepted in the United States Coast Guard. Weeden, a graduate of Meadow Lake Union High School, was employed at the local Shell service station prior to his enlistment. He is in training in Alameda.

An older son, Elden Alger, is a boatswain's mate in the U. S. Navy.

Accepted a generous proposition made by Joseph Lansberg of the Los Angeles Iron and Steel Company of Hobart Mills and Los Angeles, in which he offered to handle scrap iron in a drive to be started immediately and pay the club \$1 a ton bonus to be applied to the fund.

Car Here Monday  
Scrap iron is one of the most essential needs in defense factories today and the government is asking that all scrap be collected and turned in at once.

Lansberg announced that he would have a freight car spotted Monday, July 20, for a period of three days just west of the freight house of the Southern Pacific and anyone wishing to sell their scrap iron will be paid the usual \$3 per ton. Those wishing to donate it to the USO may leave it there and the \$8 per ton will be paid to the Lions for the much needed fund. On top of that Lansberg will pay the club a \$1 a ton bonus for all iron either sold or donated.

Two important objects are being served. First and foremost the scrap iron is going into the manufacture of war materials in factories where scrap iron is sorely needed and cannot be obtained even with the highest priorities. Secondly, the funds thus raised will go to a cause almost as vital as the production side of the picture.

Minister Speaks  
Dr. Stricker, pastor of the Trinity Methodist Church of Berkeley, gave an inspirational and timely talk on the various experiments through which Democracy has passed and urged more thought to the duties and responsibilities of free men in the present crisis. He was the guest of Rev. G. J. E. Keetch and is spending his vacation at Lake Tahoe. The speaker brought home, in a forceful manner, the struggle which democracy is undertaking for survival.

Other guests at the meeting included District Attorney Vernon Stoll, C. K. Heffren and Eben K. Smart, candidate for assessor, all of Grass Valley; Jack Thomas of Fort Sutter Club in Sacramento; First Lieutenant Arthur Cloupek, home on leave; John Riley of the state board of equalization and Joseph Lansberg of Hobart Mills. Elden Tonini presided at the session held at Capitol Hall.

Drivers Going Over 40  
To Be Stopped, is Order  
Highway Patrol officers of Truckee have received orders to stop all motorists traveling in excess of 40 miles per hour according to an announcement today by Sgt. B. W. Reynolds.

Motorists so stopped will be warned they are violating their patriotic duty by wasting precious rubber.

The move is designed to conserve transportation because of the nationwide rubber shortage and follows instructions given Director James M. Carter recently by Governor Olson to stop cars traveling over the 40-mile limit laid down in President Roosevelt's proclamation.

Officers making such stops will examine the tires of the motorist. If deemed unsafe, a citation will be issued charging a violation of Section 679 of the Vehicle Code.

The officers also will check the operator's license to see that it has not expired and examine the registration certificate. If these are found in order and all equipment is deemed safe, Sgt. Reynolds said, the motorist will be warned to stay under 40 and permitted to proceed.

State Crew Plants Fish  
In Nearby Lake, Streams  
The state fish planting crew placed 38,000 rainbow trout fry in Weber Lake last Thursday and have added 12,000 Loch Leven to the Little Truckee and Prosser Creek. Rainbow will be planted in these streams later in the year, it was announced.

DEPARTMENT CALLED  
The fire department was called to the Donner Hotel Friday at noon to extinguish an incipient oil fire which for a time threatened to get out of control. The department made a record run and as a result no damage was caused.

## North Tahoe News . . .

by MADELINE GALLERANI  
George Elyson was up over the week-end from Mare Island to visit with Mrs. Elyson.

J. R. Pruett of Hollister is visiting at Kings Beach.

Mr. and Mrs. G. Simi are at their "Casa De Simi" at Brockway.

Sherman Hall is now employed by the Southern Pacific in Truckee.

Dr. Louis S. Constine is at his home in Brockway after spending a few weeks in San Francisco.

Mr. and Mrs. M. T. Benning, Sr. and Mr. and Mrs. M. T. Benning, Jr. and their infant son are at their home in Kings Beach and intend spending a few weeks here. The Benning family reside in Sacramento.

Mr. and Mrs. George C. Bates of Reno spent the week-end at Sand's Beach.

Hollie Rofsiter of Vallejo is visiting with Mrs. Elyson of Kings Beach.

Lawrence "Sparky" Young is now residing at the Riolo Club.

Mr. and Mrs. Bud Mandeville and two young sons came up from Luning, Nev., to spend the week-end at their Kings Beach home.

Pvt. Carl Brooks is on 7-day furlough and visiting with lake region friends.

Mrs. Fred Powers, who suffered serious injuries to her right hand in a freak accident on May 21 and spent several weeks in an Auburn hospital, is now at home and reporting doing nicely.

Borue O'Brian spent the week-end visiting with his family at Kings Beach. O'Brian is employed at one of the shipyards in Oakland.

Mr. and Mrs. Tom McCarthy of Kings Beach and now residing in Reno came up to spend the holidays with friends.

Al Welba, formerly employed as a mechanic in Earl Nelson's Garage in Kings Beach is now doing defense work in Richmond. Welba spent the holidays here.

Gene Anderson, now residing in Oakland, visited the Earl Nelsons for a few days.

Creewood Studios Jr., under the management of Cornelia Williams of Reno, is opened for the season.

Lakepoint Bungalows are reported filled to capacity.

Mr. and Mrs. Roland E. Smith motored to Reno on a shopping tour.

The North Tahoe unit of the American Red Cross have completed everything on hand and have sent to Auburn and are now waiting for new material to work on. The members are having a perpetual rummage sale throughout the summer to be held at their headquarters, the Ardy Sorenson home in Tahoe Vista.

Donations will be gratefully received. Among those attending the last meeting were Mesdames Carl Sorenson, Andy Sorenson, Fred Barton, Nels Rafdal, Gilbert Ballard, Ike Miles, Claire Walters, Herbert King, Earl Nelson, Bud English and Lydia Roundtree.

Lieut. Dante Lembi of the intelligence service was a recent speaker at the Christian Endeavor meeting held at the D. C. Barnett home in Kings Beach. Lieut. Lembi's talks were about the eligibility of position in the Navy and he answered many questions the boys had to ask. He and Mrs. Lembi spent the week visiting in Kings Beach.

Fifty boys of the Lakewood Camp at Brockway along with 20 regular members attended the last Christian Endeavor meeting on Thursday. Gordon Nelson was a special guest. A weiner roast was held in the evening at the barbecue pit at the D. C. Barnett home. Everyone reported a nice time.

Former Agent Visits—Walter Enright of Auburn, who was a former S. P. agent here, spent the Fourth in Truckee.

The Editor  
Sierra Sun, Truckee Calif.

Dear Sir:

I have been receiving the Sierra Sun for about six weeks now and I want to express my sincere thanks and appreciation to you for making it possible.

I understand Mr. Heller of Meeks Bay gave my name and address to you and he also stated that your policy is to send the paper to the boys in service from Truckee and vicinity free of charge. I am sure they all appreciate it as much as I do.

News from home is the most welcome subject to all of us, especially in these times.

Being away from Lake Tahoe only makes you realize what a really wonderful place home is. It helps us to remember what a great country we are fighting for.

Very truly yours,  
PVT. FRED L. KEHLET.

### Cozzallo Clan Gathers—

Dr. and Mrs. A. Cozzallo and family of Reno are visiting Mr. and Mrs. F. A. Titus. Mr. and Mrs. Arthur Cozzallo and daughter of San Francisco are guests at the home of Mrs. V. Cozzallo and so is Dr. C. C. Cozzallo. The three brothers and their families will spend a two-weeks' vacation here.

### Former Residents Here—

Mr. and Mrs. John Moody, daughter and grand daughter of Quincy were visitors here over the Fourth. The Moodys were former Truckee residents.

### Ill at Home in Truckee—

Mrs. H. S. Eaton is ill at her home here. Mr. and Mrs. Hilton Eaton of Sparks and Harry Eaton of Roseville have been here for a few days.

### Vacation at Santa Cruz—

Mrs. Chester Matson and children are vacationing at Santa Cruz. Little Catherine Ann Matson celebrated her fifth birthday on Tuesday, July 7 while at the beach resort.

### Visit Joseph Twins—

Carol Glazier of Napa is visiting the Misses Yvonne and Azad Joseph.

### Bowers Visit—

Mr. and Mrs. C. J. Bowers and daughter, former local residents now of Sacramento, visited here over the weekend with Mr. and Mrs. Robert Bowers.

### Fatal Crash Victim Identified As Vet Of World War I

#### Oakland Couple Are Also Hurt In Mishap on US 40 On Donner Summit.

One man was killed and three others were seriously injured in two separate automobile accidents along Highway 40 in the Donner Summit district during the past week.

The dead man was August Lorenz Strankman, 47, of 2407 West 32nd Avenue, Denver, who had been employed as a cook at the Hawthorne Marine base in Nevada. Strankman was killed instantly when the light car in which he was riding left the highway last Thursday and overturned.

The driver, Earl Robert Cruson, 38, of Sacramento, suffered serious injuries and was rushed to the county hospital. The men were going west when the accident happened.

Deputy Coroner W. H. Laity and State Patrol Sergeant B. W. Reynolds investigated the accident and Laity was communicating with relatives of the dead man. It is believed he was a World War I veteran.

In the second accident Friday afternoon at 5 o'clock Mr. and Mrs. H. L. Goings of 730 32nd Ave., Oakland, were both badly cut up and bruised when their car traveling east overturned near the scene of the previous accident.

They were brought to Truckee and after receiving first aid were released and returned to their home.

Dr. J. H. Bernard treated all those injured in the two accidents.

### Firemen Get Brush-Up Class in Inhalator Work

Following a dinner at Besio's Restaurant Tuesday night, officers and members of the Truckee Volunteer Fire Department adjourned to the fire station where they had a brush-up course on the use of the inhalator under the direction of Commissioner F. W. Gaiennie and Capt. Chet Matson. Deputy State Fire Marshal Bert Arendale was the speaker at the dinner and told of the fire training in state institutions. Chief N. F. Dolley presided.

### Four East Bay Juveniles Taken off Freight Train

Four Oakland boys ranging in age from 14 to 16 were taken off a freight train here last night by Special Officer Al Pfandier and held pending the arrival of their parents to return them home. The boys had been told that they could secure defense jobs in this district and anxious to assist in the war effort struck out on their own. They were without funds and hungry. The latter situation was corrected by the genial officer.

### Carl Weeks Joins Army Engineers As Lieutenant

Carl Weeks, for many years supervisor of the state highway in this district, left this week for Salt Lake City where he was ordered to report as a first lieutenant in the United States Army Engineers. Mrs. Weeks and their two children left for Auburn where they will reside for the duration of the war.

Weeks is a capable engineer and although it meant a sacrifice, he volunteered his services to the army and was given a lieutenant's commission.

The popular superintendent was the guest of honor at several parties, one given by his fellow workers in the CSEA during the few days prior to his departure.

#### Guest from Stockton—

Miss Eleanor Lawrence of Stockton is visiting her aunt, Mrs. M. J. McGwinn.

#### Visiting Mother—

Mrs. E. F. Sheffield of Mills College and Napa is visiting her mother, Mrs. S. Marshall Richardson.

### Extend U. S.-Brazilian Agreement

The United States has extended its stabilization agreement with Brazil. This soundphoto, taken in Washington, shows, left to right: Dr. F. D. Santos, director of exchange, Bank of Brazil (seated); Secretary of the Treasury Henry Morgenthau Jr.; Minister Fernando Lobo, charge d'affaires of Brazil; (standing) Harry D. White, director of monetary research of the U. S. treasury, and Enrico Penteado, financial attaché of the Brazilian embassy.

### One-Man Soldiers Library Needs Help

Clarence M. Wray, cashier at the Southern Pacific freight office, is developing a system for providing reading material to soldiers camped near here and traveling through on trains. He has worked his system to the limit of his own resources and is calling upon the public for assistance.

### Truckee Accounts for 50 Tons of Rubber in Drive

With more than 50 tons to its credit, Truckee ended its rubber drive last Friday, but service stations are still accepting any and all rubber turned in for conversion to vital needs.

To Mr. and Mrs. Frank Cozzallo of Boca goes the honors for the most old rubber collected and turned in by a single family unit. They accounted for 3168 pounds of which 2500 pounds were sold to buy war bonds and stamps and 668 pounds were donated to the USO. They turned in 298 pounds on the final day to wind up a bang-up campaign.

During the final week of the drive, Martin Oroz and Alice Waters turned in 525 and 495 pounds respectively to win the month's passes to the Donner Theater given by Manager Verron Shattuck and the oil company representatives to the boy and girl turning in the largest amount of rubber in the last week of the drive.

Nevada county as a whole accounted for 271 tons, Grass Valley contributing 150 tons; Nevada City, 70 tons, and Truckee, 50 tons.

### Pythian Sisters Here Hold Card Party Thurs. Night

by MRS. LEE GARNER  
(Temple Press Correspondent)

The Pythian Sisters of Summit Temple No. 79 of Truckee held a short meeting last Thursday night July 9, before the card party of contract bridge, pinocle and bingo. Ben Tonini won at contract while the consolation award went to his wife, J. J. Tansey was first; Mrs. John Finnegan second in pinocle. Mrs. C. B. White was first, Mary Cardinal second and Hazel Pearl Nelson, low at Bingo.

Two beautiful cakes were auctioned, Mrs. J. J. Tansey and Lee Garner being the successful bidders.

After the party refreshments were served. Next meeting of the lodge will be July 23.

#### Visit with Soldier Kin—

Mr. and Mrs. E. A. Meiss and Miss Yvonne Garrison went to Watsonville to see Jack Garrison on Sunday. The latter, a former Truckee resident, enlisted in the armed forces in March.

#### Move to Reno—

E. J. Wilson, Southern Pacific employee, and family will make their future home in Reno where he is now employed.

#### Discharged from Hospital—

S. A. Follett returned home last week from the S. P. hospital where he had been receiving treatment for some time.

### Local Road Project Bids Rejected By State Works Chief

#### Navy Abandonment Of Base Plans at Lake Given As Cancellation Reason

The Navy's abandonment of Lake Tahoe as the site for a naval base plus the fact that the low bid was 26 per cent above the estimate caused Public Works Director Frank W. Clark to reject all bids for reconstruction of 10.9 miles of highway between a point three miles north of Tahoe City and the junction of the road with Highway 40 a mile west of Truckee.

The W. P. Powell Paving Company of Los Angeles was the low bidder at \$116,521.25. Clark said normal road traffic without the proposed base does not justify the work.

Clark also rejected bids on a project in Humboldt and Siskiyou counties which were 49 per cent over estimate.

The decision on bids submitted on road improvement project between Farad and the Nevada state line had not been announced yet, although bids were opened last Friday in Sacramento. The project will likely have a more favorable fate inasmuch as it has been designated as an essential national defense job.

### County Assessed Valuation Shows 11th Straight Boost

County Assessor John M. Hammill for the eleventh straight year reports an increase in the assessed valuation of property in Nevada County.

Hammill, who will retire at the end of the present year, revealed the total assessed valuation of land in the county, including the utility roll, is \$18,376,125, an increase of \$194,740 over last year. The public utilities in the county have a tentative assessed valuation of \$8,110,460.

### Local Woman Has Two Sons In U.S. Sea Services

Mrs. Essie Weeden this week joined the ranks of two-star war mothers when her second son, Keith Weeden, was accepted in the United States Coast Guard. Weeden, a graduate of Meadow Lake Union High School, was employed at the local Shell service station prior to his enlistment. He is in training in Alameda.

An older son, Elden Alger, is a boatswain mate in the U. S. Navy.

### Tahoe Women Plan On USO Benefit Card Party

TAHOE CITY, July 16—Members of the Tahoe Women's Club are making plans for the sale of tickets to the U.S.O. Benefit card party which they will sponsor in the Tahoe Community Center Hall on July 23 at 1:30 p.m., to which the public is cordially invited. It will be a dessert bridge, with refreshments to be served prior to the card playing. Mrs. N. R. Mayfield, president of the club, is having posters placed at the various post offices around the lake and all who plan to attend will be assured an enjoyable afternoon's diversion as well as swelling the coffer for a worthy cause.

### Local Boy In Army Scores High In Rifle Practice

Private George Clark, in his fourth week of basic infantry training at Camp Roberts, California, scored a 224 with the Springfield rifle. This is not a camp record, but it definitely places him in the class of expert riflemen.

Prior to his induction into the army, Clark was employed by the United States Department of Agriculture as a forest guard in Truckee.

#### BABY DAUGHTER

Mr. and Mrs. Glenn Coffey are the parents of a baby girl born last Friday in a Reno hospital. The infant, which weighed in at 6 pounds and 7 ounces, was named Nonna Rae.

## Two-Fold Patriotic Project To Raise U.S.O. Quota Is Proposed at Lions' Meet

A way has been paved for Truckee to fulfill its assignment of raising \$385 as its quota for the United Service Organizations and at the same time accomplish a second important object and not expend a penny in cash.

The Truckee Lions Club which recently assumed the responsibility of raising Truckee's USO quota, last night

### ..Sun.. Beams

by WALTER M. BARRETT

If you are in earnest about wanting to get in and do a job in the war effort, an opportunity has been presented which will give you a double shot in one effort. Collect your old scrap iron, have it transported to a car spotted in Truckee Monday and donate it to the USO through the Lions Club. The USO needs the money and the war production plants need the scrap iron. It is doing no good in that unsightly heap where it now rusts away and it is vitally needed in the production of tanks, planes, ships and a hundred other necessary war items. Truckee is pledged to support the USO and the entire proceeds gained will be given for that purpose until a quota is reached. After that the revenue from the scrap will be diverted to the Red Cross. Either take or have taken to the car Monday, Tuesday or Wednesday all that old scrap iron. Urge your neighbors to do likewise.

We have been asked why money raised here for USO cannot be spent in Truckee through the establishment of a unit here. We would certainly wholeheartedly support such a program if it was within the realm of possibility. In the first place the USO is handled under a more or less complicated administrative system which designates the most advantageous sites to serve the largest number of men. Truckee has a comparatively few soldiers in its environs and the cost of establishing a branch and maintaining it here would far exceed the per man basis upon which the organization must be operated. We are entirely in accord with the suggestion that entertainment and place for recreational activities be provided for the men in this area. There is most certainly a need for such an undertaking. We wish that the USO was so vast and sufficiently financed that a unit here would be justified. However, another solution to this problem must be worked out as the USO cannot, under its limited program and inadequate facilities, establish units in towns where so few men can take advantage of their benefits.

### Mrs. Wolert's Musicians Give Recital for Friends

The music class of Mrs. John R. Wolert entertained their friends at a party on Friday afternoon, July 10. There were piano solos by Hazel Pearl Nelson, Betty Jane Majors and Bobbie Jean Dolley. Those who attended were Humbert Ciardella, Eugene Gini, Bobby and Mary Ann Tonini, Alberta Cooper, Betty Simmons, Dennis Gregory, Tommy Dolley, Bobby Mulcahy, Marlene Mahne, Lupe Reyes and soloists.

### Sheriff Is Speaker At Rotary Club Meeting

Sheriff Carl J. Tobiasen of Nevada county was guest speaker at the Monday night meeting of the Truckee-Tahoe Rotary Club. L. A. Greene, the new president, presided for the first time and Dennis Jones was program chairman.

Visiting Rotarians included Pete Land, Joe Conklin and Stormy Weathers of Loyalton; John Clauss, Jr. and Fred L. Adams of Sacramento, and Abe Blum of Fresno. Other guests were Mr. Friend of Chicago, Bill Hubbard of Loyalton, A. E. Hubbard of Tahoe and Dr. W. Clark of Pasadena.

#### Suffers Bad Fall—

Mrs. Elizabeth Walker of the Truckee River suffered a serious fall at her home this morning. She was rushed to a hospital for x-rays of a possible fractured hip.

#### Candidate Visits—

Eben K. Smart of Grass Valley, candidate for county assessor, was a Truckee visitor yesterday.

Accepted a generous proposition made by Joseph Lansberg of the Los Angeles Iron and Steel Company of Hobart Mills and Los Angeles, in which he offered to handle scrap iron in a drive to be started immediately and pay the club \$1 a ton bonus to be applied to the fund.

#### Car Here Monday

Scrap iron is one of the most essential needs in defense factories today and the government is asking that all scrap be collected and turned in at once.

Lansberg announced that he would have a freight car spotted Monday, July 20, for a period of three days just west of the freight house of the Southern Pacific and anyone wishing to sell their scrap iron will be paid the usual \$3 per ton. Those wishing to donate it to the USO may leave it there and the \$3 per ton will be paid to the Lions for the much needed fund. On top of that Lansberg will pay the club a \$1 a ton bonus for all iron either sold or donated.

Two important objects are being served. First and foremost the scrap iron is going into the manufacture of war materials in factories where scrap iron is sorely needed and cannot be obtained even with the highest priorities. Secondly, the funds thus raised will go to a cause almost as vital as the production side of the picture.

#### Minister Speaks

Dr. Stricker, pastor of the Trinity Methodist Church of Berkeley, gave an inspirational and timely talk on the various experiments through which Democracy has passed and urged more thought to the duties and responsibilities of free men in the present crisis. He was the guest of Rev. G. J. E. Keetch and is spending his vacation at Lake Tahoe. The speaker brought home, in a forceful manner, the struggle which democracy is undertaking for survival.

Other guests at the meeting included District Attorney Vernon Stoll, C. K. Heffren and Eben K. Smart, candidate for assessor, all of Grass Valley; Jack Thomas of Fort Sutter Club in Sacramento; First Lieutenant Arthur Cloupek, home on leave; John Riley of the state board of equalization and Joseph Lansberg of Hobart Mills. Elden Tonini presided at the session held at Capitol Hall.

### Drivers Going Over 40 To Be Stopped, is Order

Highway Patrol officers of Truckee have received orders to stop all motorists traveling in excess of 40 miles per hour according to an announcement today by Sgt. B. W. Reynolds.

Motorists so stopped will be warned they are violating their patriotic duty by wasting precious rubber.

The move is designed to conserve transportation because of the nationwide rubber shortage and follows instructions given Director James M. Carter recently by Governor Olson to stop cars traveling over the 40-mile limit laid down in President Roosevelt's proclamation.

Officers making such stops will examine the tires of the motorist. If deemed unsafe, a citation will be issued charging a violation of Section 679 of the Vehicle Code.

The officers also will check the operator's license to see that it has not expired and examine the registration certificate. If these are found in order and all equipment is deemed safe, Sgt. Reynolds said, the motorist will be warned to stay under 40 and permitted to proceed.

### State Crew Plants Fish In Nearby Lake, Streams

The state fish planting crew placed 36,000 rainbow trout fry in Weber Lake last Thursday and have added 12,000 Loch Leven to the Little Truckee and Prosser Creek. Rainbow will be planted in these streams later in the year, it was announced.

#### DEPARTMENT CALLED

The fire department was called to the Donner Hotel Friday at noon to extinguish an incipient oil fire which for a time threatened to get out of control. The department made a record run and as a result no damage was caused.

# EDITORIAL

## HELP GREASE THEIR SKIDS

Uncle Sam wants grease, real grease from kitchens in millions of homes, to grease the skids of the Axis. Waste fats and grease that crackle and pop on the griddle or the roasting pan, can really produce thunderous volleys when munitions plants put them in use in making of high explosives.

In pre-Pearl Harbor days, vegetable oils imported from areas now in the grasp of the Axis, provided America's high explosives industry with very essential oil ingredients. But today Uncle Sam is turning to civilians to fill this lack with domestic fats and grease. Poured into tin cans and taken to your neighborhood butcher, they'll help provide the wherewithal for keeping the griddle hot for the Nipponazis.

If waste fat will keep the enemy's fat in the fire, and waste grease will help grease the enemy's road to defeat, America's support is as good as assured. Aren't we out to roast the Axis?

## JUST A DREAM

With Germany still maintaining her tight grip on the whole continent of Europe, and her armies driving deeply toward the rich oil lands of the Caucasus; with Japan in full control of the Philippines and the priceless resources of the East Indies and southeastern Asia; with the Allies having yet to wrest a single square inch of territory in German-held Europe or regain from Japan the territory she seized since December—in the face of this situation the Chairman of the House Military Affairs Committee says he foresees a possible end to the war this year through a United Nations victory! Sounds like an echo of that same false optimism which once said, "What? Japan attack the United States? Nonsense! She wouldn't dare!"

"We should stop thinking of an old age pension as a dole which we grant to the needy; I believe in an old age pension as a matter of right for every elder citizen when he reaches the age fixed in the statute."—Earl Warren, Attorney General and candidate for Governor.

John Adams was the first President to occupy the White House, moving in November, 1800.

## Bigger Bumps Are Yet to Come

## MY PLACE IN THE SUN

by DOUG BARKETT

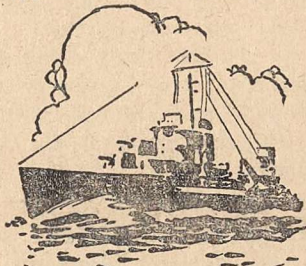

I took last Sunday off and went to Tahoe. Believe me, if all the world's greatest writers from Homer to Thomas Wolfe got together and collaborated they could not have touched the sheer serene majesty of Lake Tahoe. Any one that has seen the lake and still doesn't believe in the divine origin of things is just plain mentally blind. Red Jolley and I hiked from the Tavern to Tahoe City along the shoreline bridal path and the immensity of the beauty of the place left the same feeling of reverence and awe you get upon entering a particularly lovely cathedral multiplied a thousand times. Any man that is over impressed with his own might should go to Tahoe and learn the humility that one must feel before the masterpiece of ages of divine workmanship.

While at Tahoe I dropped in at Ernie Horedler's Pullman Diner and chatted on the fishing situation, which Ernie tells me is pretty good... went to Loynd's Tahoe Drug store where Edna Wheat hustled us up a couple of cokes and the Sunday paper... which we read at leisure in the forest primeval... spotted Tim Butler hurrying into the Tavern Casino all full of business... went into the Tavern to see Phil Jolley's art exhibit which seems to be catching on nicely... beat Red at bowling and then sat down to watch three blond sub-debs bowl... fed half a hamburger to the big fish at the dam and they seem to go for it in a big way... saw D. C. Turnage and his lovely wife out for a drive... and so home to see the show.

PATRIOTIC NOTES: While strolling down the drag I heard the

## What You Buy With WAR BONDS

Ships of the Destroyer type comprise the bulk of our fighting ships in the American Navy. Their average displacement is about 1800 tons, and they are fast, powerful, and hard hitting. They have been particularly effective in convoy duty and gave a good account of themselves in the Coral Sea engagement. They cost approximately \$3,600,000 each.

Every Navy shipyard is turning out Destroyers in record time. They are essential for our two-ocean Navy. Purchase of more and more War Bonds will assure all-out production of these vital units for the Navy. Buy every pay day. If everybody invests at least ten percent of his income in War Bonds we can do the job. U. S. Treasury Department

strains of "America" coming from the juke box in Tony's Coffee Shop and some young punk saying as he passed, "Gee, they sure have some old records in that place!"... and our chum, Swannee, over heard a grown woman in Lloyd's Variety Store say, "I'd like to have one of these Liberty Bell pins but you don't seem to have any without a crack in it."... Can you beat that?

STREET SEENS: Nick Sassarini, the round-house mouse, at Loynd's "library"... Assessor Candidate Jack Pontz and spouse coming out of the Coffee Shop... Li'l Eva Besio receiving the felicitations of her many friends on the occasion of her coming of age... Johnny Ciardella breaking up a dog fight in front of the Capitol... the Budo gang from Donner Lake in town pretty regularly... Roy Waters catching a nap during the showing of "Shanghai Gesture"... personally, I had insomnia... numerous puzzled potential petrol partons driving into the various stations around town last Thursday aft and finding the boys out gathering rubber... "Cracker" Jack Thornton and Juere Vojveda perched on Joe the Bootblack's stand getting the business... Constable Bottcher teta-teting with Mrs. J. J. Tansey in front of Dave Cabona's store.

FORGET-ME-NOTS: Today is the last day to register to vote in the August primary election; if you are still delinquent, you can do it at the J. L. Lewis Store or at Tonini's Grocery... All you holders of standard Red Cross first aid cards are urged to go to the fire house tonight at 8 o'clock and enroll in the new advanced class.

### MOORE-BROWN KNOT TIED BY BREWSTER ADAMS IN RENO CEREMONY FRIDAY

TAHOE CITY, July 16—The many friends of Miss Ruth Moore and Dallas Brown will be happy to learn that the popular young couple were married on Friday evening last at the Reno home of Rev. Brewster Adams. Mr. and Mrs. Lester Hoag served as best man and matron of honor for the couple, in the absence of the bride's brother, Robert, and his wife, who could not make the trip as formerly planned.

Other guests who witnessed the ceremony included Mr. and Mrs. Glenn Sweeney, mother and step-dad of the bride; Mr. and Mrs. Sim Brown of Edward's Lodge, parents of the groom, and Mr. and Mrs. A. M. Henry.

The bride wore a navy afternoon frock, trimmed with filmy white lace collar and cuffs, white accessories, white lace hat with navy trim, and a corsage of white orchids at her shoulder. All ladies in the party wore corsages of white gardenias, the men boutonnieres.

Following the ceremony the group motored to the new home of the pair on Reno Street, at Plumas, where a toast was drunk and wedding gifts were opened for inspection. A dinner party was given for the couple at the Colombo Cafe in Reno, their entrance made to the orchestra's rendition of "Here Comes the Bride." An evening of dancing followed.

A special gift of the evening was the beautifully decorated three-tiered wedding cake made by the bride's mother, which served as a centerpiece for the festive occasion. A miniature bride and groom adorned its snowy top.

The newlyweds enjoyed all the tricks played on them by their friends, including the rice throwing after the ceremony and the old shoes and tin cans which trailed behind their car beneath the large sign "Just Married", donated by the Stoddards of Tahoe for the occasion. They plan to make their home in Reno where the groom is employed by the Shoshone Bottling Co., following a honeymoon trip to Yosemite and the bay cities.

### Traffic Check

Traffic count, taken twice a year in this region, was taken Sunday by the division of highways. Traffic was reportedly far below that of other summers.

line was Henry's Garage with 4,000 pounds and third was the Standard station No. 1144 at the Tahoe wye which acquired 2,600 pounds. All stations in this region were ordered on Thursday afternoon between noon and six, to close up shop and get out and hustle scrap rubber for Uncle Sam. Bechdolt's station bringing in close to 500 pounds in the six hours.

Those householders still having scrap rubber to donate should store it and await future government orders, as provisions will be made for collecting added stores of this valuable asset to the war effort.

### Tahoe Socialites

by SWANEE

Mrs. Betty Siefert of Brockway Lookout Station was recently tendered a stork shower at the home of her mother, Mrs. A. Stoddard of the Bittencourt Tract in Tahoe City. Both Kings eBach and Tahoe City ladies joined in the presentation of a bassinet which accompanied numerous other dainty garments and gifts. Refreshments were served, after the opening of packages, followed by an afternoon of sewing for the anticipated new citizen.

Miss Helen Worden returned to her home near Ward Creek last week accompanied by her brother James, who enjoyed the week end here. She is much improved in health and plans a long rest before returning to the business world.

Mr. and Mrs. Charles Arment and small daughter, Jacquelyn of Nevada City, sojourned at the Tahoe Public Camp over the weekend, T. M. Arntzen on duty there for the summer enjoying Saturday night with his family at Tallac.

Sylvia Shuman of Burbank who has been the houseguest of the A. Stoddard family of Tahoe City left for her home in the south Thursday last.

Mrs. Lela Carlos and daughter Carmen Jean, and Mrs. Robert Hall another daughter of Mrs. Carlos, her husband and baby son, arrived at Tahoe on Sunday for a visit. Mrs. Carlos, sister of Glenn Sweeney, and the two children plan to remain at Meeks Bay for a two week vacation in the Halls to return to the city and probably motor up later for an indefinite stay at the lake.

### Former Tahoe Youth Wins Ski Race at Mt. Lassen

TAHOE PARK, July 16—Word received last week from James Easton grandson of Capt. and Mrs. John Kvistberg of Tahoe Park declared that Jimmie, former Tahoe school boy, enjoyed a brief respite from his studies at the Alameda Naval Training station by attending the ski meet held on June 27 and 28 at Mt. Lassen and added another feather to his cap. His expenses paid by the San Francisco Examiner, Jimmie entered the down mountain race, winning a war bond for taking first place in his division. Jimmie showed championship qualities when he left Tahoe to enter the field of apprentice seaman several years ago.

He will take final examinations on August 24, his present rating being C.B.M.c2.

Only the briefest of notes are received these days from Captain Kvistberg by his wife, who knows nothing of his destination or ship.

### MAJOR MALCOLM CATCHES 30 POUND MACKINAW IN TAHOE TO BREAK RECORD

TAHOE CITY, July 16—A real fish story comes from the Tahoe City region this week, one which tops all others for the current season and for seasons a decade back. The hero is that veteran angler, Major Jack Malcolm, who, with his wife, knows practically every covert and pocket where the wily fish of Lake Tahoe may be found. Veterans both, they have been consistently successful fishermen over a long period of years.

On Wednesday, July 8, Jack broke even his own records for the past ten years by hauling in a beautiful large mackinaw, the granddaddy of them all, which weighed exactly 30 pounds. The big fellow measured a little over 40 inches in length, had a mouth spread of 11 inches and a circumference of 21½ inches. This fish is believed to have topped all records for the past ten years at Tahoe. Malcolm, in catching his prize, used a medium weight Tahoe copper trolling line, with a number 9-0 size hook and live minnow for bait. Friends took the fish to Woodland where the chamber of commerce was to put it on exhibit.

As if that one fish was not story enough for one day, earlier in the morning he brought in a 20-pound mackinaw and three smaller ones coming home around 9 a.m. to take his wife out to try her luck. When she could not get away he decided to return alone, as he had not yet taken the limit of mackinaw, which is five fish. Within a few hours he returned with 30 pounds, the big fellow beating his wife's record for the year by 2½ pounds, her catch being made on May 20 two miles off the Tavern reef. It tipped the scales at 27½ pounds, had a mouth spread of 9 inches, circumference of 19½ inches and beat all known records for seven years in this area. She used line, hook and bait similar to her husband's. Major Malcolm caught his fish in deep water between Walker and Brougher reefs, in what is known to local fishermen as the Panama Canal, a name given this particular spot by old-time fisherman Jack Berg 17 years ago.

Equally exciting was a trip made by Malcolm and Henry Rost last week into the Rubicon country. Mrs. Malcolm took the pair by car to Homewood at 3:30 a.m. From there they hiked to the Tallants Lake region, where they found fishing poor, with lots of snow drifts 15 feet deep and more, and icebergs floating around the water's surface. They continued on to Rubicon Lake where Lady Luck again smiled, Malcolm brought home the finest limit of trout he has ever caught in that region, some weighing 1½, 2 and 2½ pounds, mainly eastern brook with a few loch leven among the lot. For fishing in this area he uses Roy's Coachman and McGinty flies and worms.

Carl Bechdolt, Jr., and guests from his Lake Chalets Motel, Mr. and Mrs. Nolan and Mr. Miller from Folsom, enjoyed a highly successful fishing trip into Five Lakes region last week end, the entire party getting their limits.

Charles Swanson on Thursday of last week was content to bring in two nice mackinaw weighing 7 and 8 pounds respectively from Sunnyside Bay.

### LIFE IN THE DESERT

California's desert regions, seemingly sterile, support no less than 600 species of plant life.

### Tahoe Kwikies

The level of the lake on Monday morning registered perilously close to the high water mark set by authorities, 6229 feet, it aking just 1 foot to reach the limit or little more than an inch. W. A. Simmonds, in charge of the dam and gates, declares he believed that control could be maintained on the measurements unless the Tahoe area should undergo a heavy rainfall. Approximately 125 CSF of water was leaving the gates at Tahoe on Monday, assuring improved river fishing for anglers.

Mr. and Mrs. E. H. Druhn, accompanied by their witnesses, Mr. and Mrs. Ralph E. Walker of Unali, on Thursday, July 9, passed their examination before the United States naturalization court in San Francisco with flying colors, their rating being given as excellent. It was one of the most exciting days of their lives, and they await receipt of their final papers with eager anticipation.

The Catholic Chapel near Valentine's on Sunday was filled to capacity indicating that the vacationing public is filling the Tahoe are once more. Father Daly announced that a special collection will be taken up at the local chapel next Sunday for the benefit of the Church of the Assumption parish which embrace Truckee, Tahoe and Soda Springs. The proceeds will go into the church reserve and liquidation of parish debts.

Members of Boy Scout Troop 56 of San Francisco were visitors at the lake on Sunday, a truck load of them stopping at the Tahoe wye bridge to view the large numbers of trout which always lie in the shallows there waiting for the endless loaves of bread which interested tourists throw to them.

At the Tahoe Public Camp grounds Fire Warden T. M. Arntzen, in charge, had no fires reported since July 4. His fire truck this week is receiving a new coat of white paint with the wording "Tahoe Lake Patrolman" to be lettered on the side. Arntzen is at Nevada City for several days on official business, Mr. Preece of the local group being in charge during his absence.

### Sugar Stamps Dates Are Revealed by Henry Droste

TAHOE CITY, July 16—Sugar rationing agent Henry Droste this week announces that sugar-stamp No. 5 will be good for two pounds until July 26; stamp No. 6 is good from July 26 to August 22 for two pounds and stamp No. 7 is good from July 10 to August 22 for two pounds more. All those having large amounts of sugar on hand at the time of the sugar registration and not now possessing stamp books will find their time of waiting shortened by approximately one month, according to the government's latest ruling.

# Navy Transport Grows Wings.

An airplane as spacious as a 15-room house—that's the Mars, the largest flying boat in the world. Developed by one aircraft manufacturer for the U. S. Navy, it is now undergoing preliminary tests.

According to its designer, there are 16,700 cubic feet of space in its hull. While little information has been released as to the various ways in which it will be used, and many of its details are secret, it is big enough to carry 150 armed men and their equipment if it were to be placed in service as a transport.

Listed as a long-range patrol bomber, it has a wing span of 200 feet, an overall length of 117 feet and a gross weight of 140,000 pounds.

Huge as it is, this colossus on wings is only the forerunner of larger and faster and better planes to come in the future. Designers are already thinking in terms of transports weighing 250,000 pounds and more.

While no one predicts that such ships will be completed during this war, they are a possibility. And in the post-war period, they're a certainty. They would be capable of carrying 102 passengers, each with 80 pounds of luggage, plus 25,000 pounds of cargo, and they would fly at such speed that they would be able to reach London in as little as 12 hours.

New light-weight materials of enormous strength and durability will help to make possible the construction of such boats, according to aircraft manufacturers.

Development of such materials to date has already produced planes

## Pursuit Leader

Col. Robert Scott of Macon, Ga., who has been assigned to command the American army's first pursuit planes in China. Colonel Scott is 34 years old, and a former West Pointer.

## In Pershing Role

Maj. Gen. Dwight D. Eisenhower, tank warfare expert, who, according to a war department communique, has been placed in command of American troops in the "European theater of operations."

that can carry more than their own weight in cargo, and today research men in the airplane companies are working to develop models that will be able to carry much more than their own weight. They are also considering the use of spare engines that can be run while the regular ones are shut down for repairs in flight.

San Benito County is named after Saint Benedict.

## Tahoe Briefs

Mr. and Mrs. A. M. Mull and family of Sacramento are vacationing near Brockway.

Houseguests last week of Mrs. John Reedy of Timberland Tract included Lawrence Newby and Mrs. Jules Clerfayt of San Francisco and Elder Burke and Mr. and Mrs. Martin Castman of Sacramento, who enjoyed the weekend here.

Allan Trueblood, 15, of Sacramento last week caught the largest mackinaw of the season for the south end of Tahoe on a plug. The fish weighed 24 pounds.

Mrs. Chellie Howard of Orland will spend several weeks at the lakeside home of Rt. Rev. and Mrs. Noel Porter near the Tavern.

Miss Jessie Pope of the University of Nevada is at her home on Dollar Hill.

Dr. J. B. Snell of Vallejo is vacationing at Homewood.

Mr. and Mrs. Lester Roth and family of San Francisco are at Lake Forest.

Mr. and Mrs. Fred Repp of Berkeley are in their home at Lake Forest Unit No. 3.

Mr. and Mrs. B. A. Swartz of Clarksburg are at Tahoe Pines.

F. B. Luckner of Berkeley is enjoying a stay at Carnelian Bay.

Mrs. John Kittle and sons of Marin are at Rubicon.

Mr. and Mrs. R. E. Swearingen of Mill Valley are at home near Carnelian Bay.

The J. Paul St. Sures and daughters, Ellen and Beth, are vacationing near Tahoe Tavern.

Mrs. Grace Caig of Oakland is a guest of Mrs. R. K. Ham near Dollar Hill.

Joe Cook, M.G.M. movie director, is a guest at Lake Chalets.

## Rodeo Is Held at Resort

GLENBROOK, July 16—The first local rodeo of the summer was held here Sunday included a grand entry, steer riding contest, boot race, cowboy, musical chairs, calf roping, three legged race, team roping and wild cow milking contest.

A large crowd of summer vacationists and visitors from all parts of Nevada and California attended. Wm. Bliss, Jr., owner of Glenbrook resort and sponsor of the annual entertainments held there, said the second rodeo of this season will be held in about two weeks.

## Memorial Tract Dedication At Lake Chapel Set Sund'y

TAHOE CITY, July 16—The Florence Edoff Baldwin Memorial Grove will be dedicated July 19 by Rt. Rev. Noel Porter, Episcopal bishop of Sacramento, following services at the Chapel in the Pines Sunday at 11 a.m. The tract consists of a wooded parcel 200x350 feet near the chapel. It was given to the church by Frank J. Edoff of Piedmont, brother of the late Mrs. Baldwin as a memorial to her.

At the base of the chosen white pine, Edoff will present to Bishop Porter the deed to the land and Miss Beverly Porter will then unveil the special bronze plaque affixed to the tree. The beautiful chimes of the chapel will echo through the forest glades, guest organist to be Miss Amy Blachly of Oberlin Conservatory of Music. Mrs. Fanney Bailey Scott, well known Berkeley soloist, will sing "Mid the Beauty of the Trees" accompanied by the organ.

A 20-foot flag pole will shortly be erected near the entrance to the chapel, where a beautiful American flag, the gift of Mrs. H. G. Tallyday of San Francisco, will be unfurled to the Tahoe breezes.

## Meeks Bay Club Holds Meeting On Monday Night

by PEARL HELLER  
MECKS BAY, July 16—The H and W Club held its bi-monthly meeting in the club house at Meeks Bay on Monday night with the president, Louise Geier, presiding.

The attendance was small due to so many of the members being busy with their summer activities. Mrs. Liela Carlos of San Francisco was a guest at the meeting.

Delicious refreshments were served at a late hour.

On July 27, the date of the next regular meeting, the members will enjoy their usual pot-luck dinner at 6 p.m. Members may invite guests.

The War Department has established 102 standardized cable and radio messages for civilian communication to and from soldiers in expeditionary forces abroad.

Old newspapers are the principal ingredient of the wallboard from which many of the prefabricated houses in Vallejo are made.

## Rules Are Announced For Model Airplane Contest

TAHOE CITY, July 16—Constable Harry Johanson this week announces the rules for the coming plane building contest being sponsored by Mr. and Mrs. R. C. Walker of Kansas City and Tahoe.

The contest will be governed by the same rules and regulations used in the high schools of the nation where classes build solid, non-flying wooden army and navy models which afterward are used by the government in their experiments. They are painted solid black after completion. Awards will be made those deemed by the judges to have been built most accurately to scale and blueprint, with every consideration given to precision workmanship. These models may be secured from any high school, children on vacation being also eligible to enter the contest. They are advised to contact their own schools for models to build. Local Tahoe children may secure a few planes from Jay Schumacher, local high school teacher, or from Johanson, who has sent for some models, or from chambers of commerce which in some cities make them available to youngsters. Constable Johanson has contacted the Oakland chamber of commerce, which is most active in disposing of the completed models for the school children, and requested they dispose of the planes to the proper authorities after winners have been named at Tahoe.

The length of time the contest will run depends upon the length of time it takes to secure the models to be made. If they arrive within the next week, the contest will end around the last of August or the first of September, an exact date to be forthcoming soon.

## Dental Offices Opened At Homewood by Dr. Fuessel

HOMEWOOD, July 16—Dr. and Mrs. G. Bruno Fuessel of Pasadena are now occupying their attractive lakeside home in the Homewood district for the summer. The doctor has opened his dental office in his home and is equipped to offer general dental service, with extractions his specialty. Evening visits may be made by appointment. Many years of summer service to Tahoe region residents have earned for Dr. Fuessel the reputation of being gentle, efficient and reasonable.

House guests of the Fuessels are Mr. and Mrs. Leonard Nattkemper of Long Beach.

A straw hat manufacturer, with only minor changes in his machinery, obtained an order for 100,000 caps for army fatigue uniforms.

Fifteen spring and bumper companies have pooled their facilities to build \$25,000,000 worth of armor plate a month.

# Eagles Seek Liberalization Of State's Pension Laws

SAN FRANCISCO, July 16—Bursting like a bombshell in the arena of California political battle, the issue of adequate pensions for elder citizens has become in one brief week the sensation of the primary campaign for the governorship, following Earl Warren's dramatic appeal for a charter of peace, dignity and security for all citizens as they enter the evening of life.

Reverberations in Congress immediately followed Warren's declaration before the recent Eagles Convention in Sacramento last week.

Current efforts to liberalize California old-age pensions by restoring features amended out of the law in 1941 were given the backing of the Fraternal Order of Eagles in a resolution released this week by George A. Duddy, state secretary of the organization which for years has had adequate care of the aged as its major objective.

Vigorous protests were made at the convention over the present administration of the California pension law which provides for the deduction from their state allowances of casual and incidental earnings. Up to a year and a half ago, Duddy says, these old people were permitted to earn and retain incidental earnings up to \$15. Such amounts now are deducted from their pension checks.

Convention speakers assailed the present pension administration policy as "an attack on the patriotic desires of many old people to raise war gardens and otherwise contribute in a small way to the war-production effort."

Duddy praised those now making a fight, both in California and in Con-

## Betrothed

Harry Hopkins, administrator of the lend-lease program, and Mrs. Louise Gill Macy of New York, whose engagement has been announced. They are shown at the White House, where their wedding will no doubt take place within a few weeks.

gress, to have the law rewritten to permit elderly persons to retain their small earnings.

Duddy quoted portions of the Eagles' resolution which pointed out that "the State Department of Social Welfare has adopted a policy which we believe to be contrary to the true intent of Section 2020 of the State Act providing for aid for the needy aged in this: that said department has deducted from said \$40 per month, all of any income, whether the same is earned, contributed or derived from current resources, irrespective of the actual need of said

applicant for need."

"Each individual case or application for aid," the Eagles' resolution declared, "should be investigated on its own merits to determine the question of the applicant's actual need."

Duddy told an instance where a lodge had paid a member's dues of \$1.25 a month to protect his benefits, and this sum was deducted from the recipient's pension check.

Present administration of the pension law in California, according to the resolution, has reduced the standard of living of over 45,000 aged people through being "deprived of the right to earn additional income."

"At a time when the government is crying for additional production, including home victory gardens, the injustice of the present handling of the California pension law is extremely glaring," Duddy concluded.

Stirred by Warren's blistering condemnation of regulations which forbid pensioners to augment their slender pension income by small outside earnings, Congressman Ward Johnson of Long Beach wired his approval of the Attorney General's stand and introduced a bill in Congress to grant all pensioners the right to earn and retain \$15 monthly in excess of the pension check.

Warren pressed the fight by calling upon the entire California delegation to rally in support of the Johnson pension bill.

## State Court Ruling May Restore Ballot To Radical Party

SACRAMENTO, July 16 —(U.P.)—The effect of a new state supreme court ruling will be to restore the Communist party to the California ballot.

The court upheld an appeal of the party for the right to appear on the ballot. The ruling held that all sections of the state election code barring political parties from the ballot are unconstitutional except a provision which outlaws subversive organizations. An additional point held that a political party can be adjudged subversive only by a court decision, and not by state officials.

There were about 10 Communists who filed as candidates for the August 25 primary. Since the party had been outlawed, the petitions were held in abeyance by the secretary of state. Under the ruling which reversed the ruling of a lower court, the trial court must issue an order for Secretary of State Paul Peek and other defendant state officials to show cause why the Communist party shouldn't be permitted to appear on the ballot, as provided in the election code.

The party appeal contended that the state overrode its constitutional rights in excluding the candidates off the ballot. The high court ruled that

## There's A Great Day Coming

THE little nations that Hitler has ravaged may be down but they're not out. In Canada, men of Poland, Norway, the Netherlands and Belgium have their separate camps. There they are gathering by the thousands and training for the day of their revenge. Already each group has sent many hundreds of men overseas to swell the growing ranks of their nations in Great Britain and when they leave, new contingents from civilian life take their places in Canada. One of the most active of these camps is at Joliet, not far from Montreal. Over it the tricolor of Belgium flies and in it are training Belgians from the four corners of the earth. The photograph shows five of these Belgians, one of them wearing a string of ribbons and sleeve chevrons denoting four years of service in the last war.

## SLAP THAT JAP!

BUG SWATTERS cost money! BUY U.S. WAR BONDS-STAMPS

The Los Angeles superior court erred in sustaining a state demurrer to the Communist party complaint.

The Tenny and Dilworth laws drew the Communist attack. The Tenny law, passed by the legislature in the 1940 special session, specifically named the Communist party as an organization with subversive doctrines and prohibited it from appearing on the primary ballot.

The Dilworth law provided that a political party shall not be qualified to participate in any primary election unless it has 2500 voters registered 25 days prior to the last preceding primary election. This ruled out the party, since the previous ruling had been based on a percentage of the vote cast for governor at the last election.

EVA BESIO, M. R. C.

Remember Bataan Invest A Dime Out of Every Dollar in U.S. War Bonds

## ONLY ONE STOP

It's The Law!

to save precious rubber for the war effort, the director of Defense Transportation issued a general order to service industries which says:

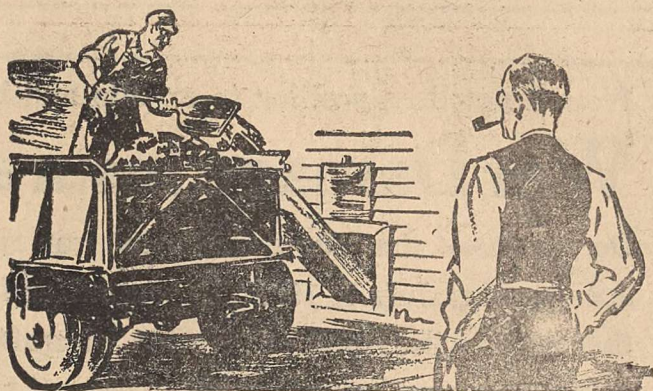

- 1.—We cannot make more than one stop at each customer's residence in any one day. This means to pick up your laundry, your bundle must be ready and available when we call. To deliver your laundry, we must make collections at the time of delivery. If these rules are not complied with, we must postpone delivery or pickup until the next day.
- 2.—We cannot give any special delivery service. This means any requests, other than our regular delivery service, cannot be granted.
- 3.—We must reduce our truck mileage 25 per cent each month below what it was the same month last year. This means we must re-schedule our delivery service in each territory.

This is a government order, we must comply with it

The inconvenience caused by this order will mean a sacrifice to both of us. But we feel that it is a small sacrifice, because it will enable us continue to serve you and at the same time help our nation in its effort to win the war.

## Old-Time Resident Spends Vacation Here Fishing

H. F. Clouette of Mill Valley is spending his vacation at the Frank Kearney home. He enjoys visiting with the old timers around town and has been spending part of his time trying his luck at fishing in the lakes and streams around here. Pulling fish from the old familiar holes brings back the memories and thrills of his boyhood days.

Clouette came to Truckee as a small child in the early '80s and grew to manhood here. After rail-roading for 48 years, he is now on the retired list.

## Candidates Pay \$1060 to County in Filing Fees

Candidates for county office enriched the county treasury by \$1060 during the past month. The money goes into the salary fund of the county and the fee paid is determined by the salary paid the officer.

The highest fees were paid by Eben K. Smart, P. G. Scadden and John A. Fontz, candidates for county assessor, who paid in \$110 each. Justice of the Peace C. E. Smith paid \$10 as an unopposed candidate for the office he now holds and N. F. Dolley, Frank A. Titus and Charles E. Pierce each paid \$10 for the privilege of being candidates for constable of Meadow Lake Township.

Justice of the Peace Smith remitted \$371.50 in fines to the county treasury during June. Total payins from all sources amounted to \$68,700.32 and warrants honored totalled \$102,570.75.

## No Steel Available For Tahoe Jail, Report Says

AUBURN, July 16—At the meeting of the Pacer county board of supervisors N. R. Mayfield, Tahoe City contractor, notified them that he cannot obtain steel needed in the construction of the projected Tahoe City jail.

Other action of the board included the appointment of Miss Gladys Kirby of Colfax and R. A. Lee of Lincoln to the county board of education. The supervisors also suspended the elementary school in Todds Valley on the recommendation of County Superintendent of Schools Elwyn H. Gregory. The reason for the suspension was lack of sufficient attendance.

## Up from San Francisco—

Mrs. Sade Sweetland Cottrell of San Francisco visited her cousin, Mrs. F. A. Titus, on Tuesday.

## Returns from City—

Mrs. W. F. Wilkie has returned from San Francisco, accompanied by her daughter, Mrs. F. W. Vollmar, who will remain for a visit.

## Motor to Capital—

Mrs. Jennie Watkins and sons and Mrs. R. P. Bick motored to Sacramento Saturday. Mrs. Watkins and family went to Salt Lake on Sunday where Wallace took an examination in aviation.

## Fish License Sales Here Stable Despite Shortages

Despite the tire shortage and the general drop in travel, the sale of fishing licenses in this area remain about the same as last year, while the sale throughout the state is somewhat lower, according to the Truckee chamber of commerce.

Cloudy skies plus low water has helped make fly fishing the best so far this season on all streams. The most popular flies are reported to be royal coachman, red spinner, silver blue upright and hares ear. These are just a few of the many flies used that are bringing in some nice catches. Spinners are used anywhere with good results.

For those who like to pack in or hike into back country, White Rock Lake and Primrose Lake have opened and fishing is reported good. Donner Lake reports good fishing. The fishermen on the lakes have been using minnows, Davis spinner and salmon eggs.

## In S. P. Hospital—

George Carson is receiving treatment in the S. P. hospital in San Francisco.

## Norden Visitor—

Mrs. Laura Jessee of Portland, Ore., is the guest of her daughter, Mrs. D. W. Bowen of Norden.

## Here from Placerville—

Mrs. E. F. Smith of Placerville has been visiting her parents, Mr. and Mrs. H. Oliver, recently.

## Contrast in Ancient Cairo

Quite a contrast is furnished by these two vehicles proceeding down a Cairo street—an American jeep car, being driven by Master Sgt. Kindle Walston of Louisville, Ky., overtakes an Egyptian donkey cart. Since then this jeep car has undoubtedly seen much sterner action, as Field Marshal Erwin Rommel's mechanized forces have swept towards the Suez.
